SPECIAL ACHIEVEMENTS

- The morning of the start I see Mary and Doub Mann scooting off in an ambulance to the Hospital. Next thing I know Doug is hailing race committee that Zipporah is checking and he starts with his class! Amazing. Mary should be here now for the doublehanded race back.
- We had 36 boats sign up this year, 28 actually started. 1st I received a phone call at 1:30 in the morning from Alchemy that his rudder was damaged. Then another boat retired, then another then finally Aggressive retired. This was my worst nightmare. We couldn't believe it, 8 returned home leaving 20 boats and all of them finished. Actually, not the smallest group but the biggest attrition since 79.
- Minis were unable to stretch their legs, got so wet inside that they hosed out the boats when they arrived here.
- **Aggressive** for returning to Rhode Island fast enough that Kristen Wenzel could get the trophies to Amy and Gerry Leger to fly with them as carry-on.
- We must acknowledge Bolero skipper Juan Perez, 85, doing the race, his 16th. His last race he participated in was 2005. Wasn't an easy race for his return. His note on the SH Race Log sheet was "Please no more head winds:."

THANKS:

- Commodore Lacey Rance who let us back here again for another race and helped facilitate this event.
- Alan Oakley for support during our stay in Bermuda and for using his power boat for the Race Committee.
- Eric Johnson filling in for Ted and I at comms so someone would be able to respond to 806 when arriving.
- Ted Singsen, a member of my committee, did an amazing job of meeting boats at custom and motoring back to the Dinghy Club for dockage. One day he walked 4 times to customs since his scooter was there. Developed sunburn on his feet. Needless to say he was very tired two days in a row.
- Rick Rorhoer, a potential B12 in 2021 also helped meet boats at custom and taking boats to help the boats dock. Rick was here because he had singlehanded down here the week before and single handed back last Friday.
- Phil Haydon, who returned home in Cepheus, flew to Bermuda and helped boats dock one day.
- Many Skippers who chipped in and helped fellow skippers dock mostly here at the Dinghy Club.
- Brenda Tweed for the fish fry, calling taxis, calling in sandwiches and putting up with us at the bar.
- One thing I learned this trip is we need to coordinate more with the Dinghy Club, Brenda, on activities..
